INDEPENDENT AUDITORS' REPORT

To the Tribal Council Confederated Tribes of Warm Springs

We have audited the accompanying financial statements of the governmental activities and major fund of KWSO Radio (KWSO), a noncommercial educational radio station operated by The Confederated Tribes of the Warm Springs Reservation of Oregon (Tribe), as of and for the years ended December 31, 2013 and 2012, and the related notes to the financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

As discussed in Note A-1, the financial statements of KWSO are intended to present the financial position, and the changes in financial position of only that portion of the governmental activities and the general fund of the Tribe that is attributable to the transactions of KWSO. They do not purport to, and do not, present fairly the financial position of the Tribe as of December 31, 2013 and 2012 and the changes in its financial position for the years then ended in conformity with accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and major fund of KWSO, as of December 31, 2013 and 2012, and the changes in financial position for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3 through 5 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audits were conducted for the purpose of forming opinions on the financial statements that collectively comprise KWSO's financial statements as a whole. The Combining Schedules of Revenues, Expenditures and Changes in Fund Balances on pages 17-18 are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Management's Discussion and Analysis Year ended December 31, 2013

Introduction

KWSO Radio (KWSO) is owned and operated by the Confederated Tribes of Warm Springs Oregon. The radio station functions as a Tribal department. The following Management's Discussion and Analysis (MD&A) provides an overview of the financial position and activities of KWSO for the year ended December 31, 2013. This discussion has been prepared by management and should be read in conjunction with the financial statements and the notes thereto, which follow this section.

The financial statements include the Statement of Net Position and Governmental Fund Balance Sheet; the Statement of Revenues, Expenditures and Changes in Fund Balance; and the Statement of Activities.

The Statement of Net Position and Statement of Activities are designed to provide readers with a broad overview of KWSO's finances, in a manner similar to a private-sector business. The Statement of Net Position includes all of KWSO's assets and liabilities, with the difference between the two reported as net position. Over time, the increases or decreases in net position may serve as a useful indicator of whether the financial position of KWSO is improving or deteriorating.

The Statement of Activities presents information showing how KWSO's net position changed during the most recent year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows.

The Governmental Fund Balance Sheet and Statement of Revenues, Expenditures and Changes in Fund Balance focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating KWSO's near-term financing requirements. Because of this narrower focus, it is useful to compare the information presented in these statements with similar information in the Statement of Net Position and Statement of Activities. Both the Governmental Fund Balance Sheet and Statement of Revenues, Expenditures and Changes in Fund Balance provide a reconciliation to facilitate this comparison.

Financial Highlights

Substantially all of KWSO's current assets and liabilities reflect grants receipts which have not yet been expended. Cash and unearned grant revenue correspond to those amounts.

Net Position is summarized as follows:

			Increase	
	2013	2012	(Decrease)	2011

The two primary funding sources of KWSO are the CPB grants and Tribal transfers. For non-grant expenditures, the Tribe transfers funding as the cash flows are needed. Therefore, the only change in net position results from converting from modified accrual basis to full accrual.

The Tribal government, in 2013, recognized that immediate measures were needed to balance their operating budget. A mandatory unpaid furlough day, each pay period, was implemented for part of the year to reduce costs. A vacant position was not filled in anticipation of it being cut in 2014, as part of KWSO's 38% reduction in Tribal funding. A part time producer position was also left vacant.

A new relationship with the Tribe's Health & Human Services Department brought in new revenue in the form of underwriting and production fees. This served as information dissemination and professional services for them and increased revenue. That is the model for bringing in additional funding with the Tribal budget cut. The source of those funds will need to be tracked – to note federal funds – which will have to be excluded from NFFS.

Computers were upgraded for all staff. Three PC's were replaced with funding from the Tribes' Office of Information Systems, and three Laptops were provided to producers using CPB CSG funds. It led to increased productivity and efficiency.

Effective use of time and staff focus allowed KWSO to continue to maintain all local programming, filling the gaps left from the loss of 1.5 FT workers. The challenge in 2014 will be to continue to do that.

Capital Assets

There were no capital purchases in 2013. Decreases below result from depreciation of the existing assets.

Notes to the Financial Statements

Years Ended December 31, 2013 and 2012

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Organization and Nature of Activities

KWSO Radio (KWSO) is licensed and operated by the Confederated Tribes of the Warm Springs Reservation of Oregon (Tribe). All amounts contained in this report are included in the audited financial statements of the Tribe

Grant activities are accounted for as a program within the Tribe's special revenue fund, while non-grant activities are accounted for as a program within the Tribe's general fund. All activities have been combined in the accompanying financial statements. Accounting, administrative services, and facilities provided by the Tribe are reported as in-kind contributions and expenditures. All expenditures in excess of revenues are paid by the Tribe and reported as transfers in to KWSO. KWSO reports only current liabilities relating to grant expenditures, as all other liabilities are expected to be paid by the Tribe and are therefore included in the transfer in from the Tribe.

2. Measurement Focus, Basis of Accounting and Basis of Presentation

The financial statements of KWSO have been prepared in conformity with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB). The statement of net position and statement of activities are reported using the economic resources measurement focus and accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Governmental fund statements (balance sheet and statement of revenues, expenditures, and changes in fund balance) are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, revenues are considered to be available if they are collected within 90 days.

3. Use of Estimates

Management uses estimates and assumptions in preparing the financial statements. The estimates and assumptions affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

4. Capital Assets

KWSO follows the Tribe's policy in defining capital assets as those with an initial, individual cost of \$5,000 or more and an estimated useful life extending beyond a single reporting period. Such assets are recorded at cost or, in the case of donated property, at its estimated fair value at date of receipt. KWSO uses the straightline method to calculate depreciation over an estimated useful life of 5 years for equipment and 30 years for the Media Center building.

5. Compensated Absences

Employees of KWSO are employees of the Tribe. It is the Tribe's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. There is no liability for unpaid accumulated sick leave since the Tribe does not have a policy to pay any amounts when employees separate from service. All vacation pay is accrued when incurred in the statement of net position and statement of activities. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

6. Net Position

In the statement of net position, net position includes the following:

Invested in capital assets – this is the component of net position that reports capital assets less accumulated depreciation.

Restricted – The component of net position that reports the constraints placed on the use of net position by either external parties and/or enabling legislation. KWSO has no restricted net position.

Unrestricted – The difference between the assets and liabilities that is not reported in *Invested in capital assets*, and *Restricted* net position.

7. Program Revenues and General Revenues

In the statement of activities, KWSO reports as program revenues, all revenues that derive directly from the program activities themselves, including charges for services in exchange transactions, as well as operating and capital grants that are restricted for particular uses or for capital purposes. Other grants and contributions that are not thus restricted – including Community Service Grants from the Corporation for Public Broadcasting – are reported as general revenues.

8. Corporation for Public Broadcasting Community Service Grants

The Corporation for Public Broadcasting (CPB) is a private, nonprofit grantmaking organization responsible for funding more than 1,000 television and radio stations. CPB distributes annual Community Service Grants (CSGs) to qualifying public broadcasting entities. CSGs are used to augment the financial resources of public broadcasting entities and thereby to enhance the quality of programming and expand the scope of public broadcasting services. Each CSG may be expended over one or two federal fiscal years as described in the Communications Act, 47 United States Code Annotated, Section 369(k)(7). Each grant must be expended within two years of the initial grant authorization.

Certain general provisions must be satisfied in connection with application for and use of the grants to maintain eligibility and meet compliance requirements. These general provisions pertain to the use of grant funds, record keeping, audits, financial reporting, mailing lists, and licensee status with the Federal Communications Commission.

The CSG receipts are reported as unearned revenues until satisfaction of the time and purpose restrictions.

9. Expense Allocation

Expenses by function have been allocated among program and supporting service classifications on the basis of time records and on estimates made by KWSO management.

10. Budgetary Information

KWSO is a program within the Tribe's general and special revenue funds. Appropriations are not made at the program level and budgetary comparisons are not presented in the financial statements.

NOTE B - CAPITAL ASSETS

Capital asset activity for the year ended December 31, 2013 was as follows:

NOTE C – TOWER LEASES

KWSO leases excess capacity on its transmitter under two long-term agreements expiring in 2020 and 2021. Revenue from the two leases was \$20,191 in 2013 and \$20,022 in 2012 and is indexed to the CPI.

NOTE D - EMPLOYEE PENSION PLAN

Eligible employees participate in a defined contribution retirement plan maintained by the Tribe. All employees age 18 and over are eligible to participate in the plan after completing one year of service. The authority to establish or amend the Employees Pension Plan rests solely with the Tribal Council. Tribal Council determines the annual discretionary contribution to the plan, which was 5% in 2013 and 2012. The plan administrator is the Pension Committee, appointed by Tribal Council. Discretionary employer contributions are allocated to employees who have at least 1,000 hours of service during the plan year. Employees may defer up to 100% of compensation during the plan year as limited by IRS regulation. The employer matches 100% of employee contributions, up to 4% of each eligible participant's compensation. Vesting of employer matching contributions occurs immediately; vesting of nonelective discretionary contributions occurs fully after the participant completes three years of service. Pension contributions by KWSO for 2013 and 2012 were \$12,229 and \$13,339, respectively.

NOTE E - GRANTS

KWSO receives a Community Service Grant from the Corporation for Public Broadcasting annually. KWSO also receives other CPB grants. Grant funds received and expended during the most recent fiscal years were as follows:

NOTE F - RISK MANAGEMENT

KWSO is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and injuries to employees. Settlement amounts have not exceeded coverage for the current year or the three prior years.

KWSO participates in the Tribe's limited risk management programs for workers' compensation, group benefits, state unemployment and employment practices. Premiums are assessed based on KWSO's payroll costs. The Tribe retains all risk.

NOTE G - TRANSACTIONS WITH OTHER TRIBAL DEPARTMENTS AND ENTERPRISES

1. Media Center

The Spilyay Tymoo, the Tribe's biweekly newspaper, shares approximately 17% of the building space. The Spilyay pays KWSO monthly rent of \$500 for its share of the building and related costs.

2. Tower management

KWSO manages the Tribe's tower assets on behalf of Warm Springs Telecommunications Company, a component unit of the Tribe. KWSO received \$6,000 in 2013 and 2012 for these services.

3. No-cost services

KWSO receives various services from the Tribe at no cost, including: water, sewer and sanitation services; accounting and payroll services, and; police and fire protection. The Tribe also pays all insurance costs for KWSO. These services are reported as a contribution of in-kind management and general in the Statement of Activities. The value of these services, based on the Tribe's negotiated indirect cost rate, was \$85,356 for 2013 (\$96,042 for 2012).
