Section 3: Supplemental (Non-Vacancy-Specific) Recruitment Activities Undertaken By the Station

1. KWSO funded a limited duration student position for a college student. Her focus was on research and coordination for monthly public service campaigns on the air as well as online, in print and utilizing social media. She researched missing album and label information for some of our song titles. And she also did telemarketing to reach out to potential underwriters in the region. She is away at college - but still on the payroll awaiting her next project assignment as her studies allow. Previously this college student worked for us while in high school.

2. In 2017 KWSO was the work site for another college student who previously worked for us while in high school. The position was under a summer work program funded by health prevention money. He did on air shifts, voice tracking, production and did projects. Projects included: tally of our annual survey; automation system data entry; and digitalization of archival programming.

3. KWSO participates in the Madras High School - Graphic Design & Media/TV & Video Advisory Committee. We hope to collaborate with students to create audio and/or video reports from the high school. Also - we are interested in students creating KWSO specific graphics we can use in our social media and website work.

4. It is the policy of the Confederated Tribes of the Warm Springs Reservation of Oregon to hire individuals solely upon the basis of their qualifications for the job to be filled and not to engage in unlawful employment discrimination. Further, it is the intent of the organization to give preference in employment and career opportunity to members of the Confederated Tribes of the Warm Springs Reservation of Oregon. Therefore, all other things being equal, tribal members will be considered first to fill vacant positions. The Confederated Tribes will promote tribal-member employment by giving preference to those applicants who are tribal members, provided they meet the minimum qualifications
