A wildfire near U. S. 26 milepost 91 is partially contained. Fire season is upon us, careful when traveling though our dry summer homelands. The Warm Springs CoVID-19 Response team is concerned about the possible air pollution a fire brings with it which would add more danger for people with preexisting breathing issues.

The Boil Water Notice still in effect for Warm Springs Agency area. For more information contact: The Branch of Public Utilities, Water & Wastewater division at (541) 553-3246 The conservation of water at this time is critical due to our water infrastructure situation, so please keep your watering of lawns to a minimum. As of July 10, 2020 no timelines of repairs are available.
