Welcome to Dr. Thomas Weiser from Portland Area Office, Indian Health Service. He is an Epidemiologist. He will be working with local Warm Springs Health staff with support and recommendations. The Warm Springs CoVID-19 Response team remind all that face coverings (On and Off-Reservation), social distancing, washing hands often, stay away from sick people, stay away from “hot spots”, if you have to isolate or quarantine, please follow CHS directions-if you are tested POSITIVE that is serious---stay home and away from others.

The summer temperatures are coming so hydrate up, wear that wide rim hat outdoors, sun tan lotion, monitor your activities, don't do physical work during heat of the day, and remember CoVID demands respect.

The Boil Water Notice is still in effect for Warm Springs Agency area. For more information contact: The Branch of Public Utilities, Water and Wastewater division at (541)553-3246. Conservation of water is critical as repairs will take time; please continue to conserve water. The water available for the Agency community is still low.
