

BUFF ATHLETIC BRIEFING

10.29.20

MCCONNELL STEPS UP

Volleyball practice is back on schedule!

Madras High School PE & Health Teacher and Head Softball Coach Shawna McConnell, will also serve as Assistant Volleyball Coach to get our volleyball athletes back to practice – at least until the JV Assistant Volleyball Coach vacancy is filled.

McConnell will run the Season 1C and 1D volleyball workouts and practices.

“This gives our volleyball coaches and athletic director time to search for an assistant for their regular season in March and April,” said McConnell. “I took this on to help our volleyball girls. I know many of them and know how much they love volleyball.” She said that until now, volleyball was the only sport not participating in Season 1.

McConnell started teaching and coaching at MHS in 2005. An MHS graduate herself, McConnell obtained her Bachelor of Science degree in PE & Health from Eastern Oregon University, then her Masters of Arts in Coaching & Athletic Administration from Concordia University Irvine.

The MHS staff is thankful to have McConnell on their team, and her willingness to step up during a time when our athlete’s participation is on the line.

“I really do love teaching our kids, working with our amazing staff and love being part of this community,” she said.

QUOTE OF THE WEEK:

“I am who I am. I’m going to be who I am. And I’m going to give my all to the game in the way that I do it.”
