Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and major fund of KWSO Radio (KWSO), a noncommercial educational radio station operated by The Confederated Tribes of the Warm Springs Reservation of Oregon (Tribe), as of and for the years ended December 31, 2020 and 2019, and the related notes to the financial statements, which collectively comprise KWSO's basic financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and major fund of KWSO Radio as of December 31, 2020 and 2019, and the respective changes in financial position for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note A-1, the financial statements of KWSO are intended to present the financial position, and the changes in financial position of only that portion of the governmental activities and the general fund of the Tribe that is attributable to the transactions of KWSO. They do not purport to, and do not, present fairly the financial position of the Tribe as of December 31, 2020 and 2019 and the changes in its financial position for the years then ended in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3 through 5 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audits were conducted for the purpose of forming opinions on the financial statements that collectively comprise KWSO's basic financial statements. The Combining Schedules of Revenues, Expenditures and Changes in Fund Balances on pages 16-17 are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Introduction

KWSO Radio (KWSO) is owned and operated by the Confederated Tribes of Warm Springs Oregon. The radio station functions as a Tribal department. The following Management's Discussion and Analysis (MD&A) provides an overview of the financial position and activities of KWSO for the years ended December 31, 2020 and 2019. This discussion has been prepared by management and should be read in conjunction with the financial statements and the notes thereto, which follow this section.

The financial statements include the Statement of Net Position and Governmental Fund Balance Sheet; the Statement of Revenues, Expenditures and Changes in Fund Balance; and the Statement of Activities.

The Statement of Net Position and Statement of Activities are designed to provide readers with a broad overview of KWSO's finances, in a manner similar to a private-sector business. The Statement of Net Position includes all of KWSO's assets and liabilities, with the difference between the two reported as net position. Over time, the increases or decreases in net position may serve as a useful indicator of whether the financial position of KWSO is improving or deteriorating.

The Statement of Activities presents information showing how KWSO's net position changed during the most recent year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows.

The Governmental Fund Balance Sheet and Statement of Revenues, Expenditures and Changes in Fund Balance focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating KWSO's near-term financing requirements. Because of this narrower focus, it is useful to compare the information presented in these statements with similar information in the Statement of Net Position and Statement of Activities. Both the Governmental Fund Balance Sheet and Statement of Revenues, Expenditures and Changes in Fund Balance provide a reconciliation to facilitate this comparison.

Financial Highlights

Substantially all of KWSO's current assets and liabilities reflect grants receipts which have not yet been expended. Cash and unearned grant revenue correspond to those amounts.

Net Position is summarized as follows:

	<u>2020</u>	<u>2019</u>	<u>Increase (Decrease)</u>	<u>2018</u>
Cash	\$ 106,476	\$ 79,783	\$ 26,693	\$ 189,947

Net position, end of year	<u>\$ 424,448</u>	<u>\$ 345,605</u>	<u>\$ 78,843</u>	<u>\$ 362,705</u>

The two primary funding sources of KWSO are the grants and Tribal transfers. For non-grant expenditures, the Tribe transfers funding as the cash flows are needed. Therefore, the only change in net position results from converting from modified accrual basis to full accrual.

COVID-19 played a huge role in 2020 for KWSO. Although at times we were completely closed to the public and operating with a skeleton crew, we were able to maintain all our usual locally produced programs and broadcast schedule throughout the year. We did learn how to prioritize the most important work and the skills we need to build to continue to utilize online and social media platforms to communicate all the same information that we offer in our broadcast work.

KWSO continued to grow our membership program with sustaining donations through 2020. We saw an increase in underwriting, in part, due to COVID-19 funding to increase awareness of coronavirus, how to prevent the spread, etc. In person fundraisers and community engagement took a break for obvious safety reasons during the pandemic.

KWSO was selected to participate in the CPB Coming Home: Connecting to Community opportunity and successfully executed our project and submitted a final proposal to potentially continue our work using video as a medium to share stories about this place that we call home. Because our project included community engagement, it was extra challenging to pivot to ways we could engage safely and from a distance. Our original proposal morphed into a different model of involving community members, providing training and creating online content to share in COVID-19 ways. We appreciate all the lessons learned from this and plan to apply them to future work.

Capital Assets

There were no capital purchases in 2019. Decreases below result from depreciation of the existing assets.

KWSO

Notes to Financial Statements

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Organization and Nature of Activities

KWSO Radio (KWSO) is licensed and operated by the Confederated Tribes of the Warm Springs Reservation of Oregon (Tribe). All amounts contained in this report are included in the audited financial statements of the Tribe.

Accounting, administrative services, and facilities provided by the Tribe are reported as in-kind contributions and expenditures. All expenditures in excess of revenues are paid by the Tribe and reported as transfers in to KWSO. KWSO reports only current liabilities relating to grant expenditures, as all other liabilities are expected to be paid by the Tribe and are therefore included in the transfer in from the Tribe.

2. Measurement Focus, Basis of Accounting and Basis of Presentation

The financial statements of KWSO have been prepared in conformity with accounting principles generally accepted in the as prescribed by the Governmental Accounting Standards Board (GASB). The statement of net position and statement of activities are reported using the economic resources measurement focus and accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Governmental fund statements (balance sheet and statement of revenues, expenditures, and changes in fund balance) are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, revenues are considered to be available if they are collected within 90 days.

3. Use of Estimates

Management uses estimates and assumptions in preparing the financial statements. The estimates and assumptions affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

4. Cash

KWSO cash consists of cash and investments held by the Tribe in the Tribe's pooled cash and investment accounts

5. Capital Assets

KWSO follows the Tribe's policy in defining capital assets as those with an initial, individual cost of \$5,000 or more and an estimated useful life extending beyond a single reporting period. Such assets are recorded at cost or, in the case of donated property, at its estimated fair value at date of receipt. KWSO uses the straight-line method to calculate depreciation over an estimated useful life of 5 years for equipment and 30 years for the building.

6. Compensated Absences

Employees of KWSO are employees of the Tribe. It is the Tribe's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. There is no liability for unpaid accumulated sick leave since the Tribe does not have a policy to pay any amounts when employees separate from service. All vacation pay is accrued when incurred in the statement of net position and statement of activities. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

KWSO

Notes to Financial Statements

December 31, 2020 and 2019

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, (Continued)

7. Net Position

In the statement of net position, net position includes the following:

Invested in capital assets – this is the component of net position that reports capital assets less accumulated depreciation.

Unrestricted – The difference between the assets and liabilities that is not reported in *Invested in capital assets*, net position.

8. Program Revenues and General Revenues

In the statement of activities, KWSO reports as program revenues, all revenues that derive directly from the program activities themselves, including charges for services in exchange transactions, as well as operating and capital grants that are restricted for particular uses or for capital purposes. Other grants and contributions that are not thus restricted – including Community Service Grants from the Corporation for Public Broadcasting – are reported as general revenues.

9. Corporation for Public Broadcasting Community Service Grants

The Corporation for Public Broadcasting (CPB) is a private, nonprofit grantmaking organization responsible for funding more than 1,000 television and radio stations. CPB distributes annual Community Service Grants (CSGs) to qualifying public broadcasting entities. CSGs are used to augment the financial resources of public broadcasting entities and thereby to enhance the quality of programming and expand the scope of public broadcasting services. Each CSG may be expended over one or two federal fiscal years as described in the Communications Act, 47 United States Code Annotated, Section 369(k)(7). Each grant must be expended within two years of the initial grant authorization.

Certain general provisions must be satisfied in connection with application for and use of the grants to maintain eligibility and meet compliance requirements. These general provisions pertain to the use of grant funds, record keeping, audits, financial reporting, mailing lists, and licensee status with the Federal Communications Commission.

The CSG receipts are reported as unearned revenues until satisfaction of the time and purpose restrictions.

10. Expense Allocation

Expenses by function have been allocated among program and supporting service classifications on the basis of time records and on estimates made by KWSO management.

11. Budgetary Information

KWSO is a program within the Tribe's general and special revenue funds. Appropriations are not made at the program level and budgetary comparisons are not presented in the financial statements.

Grant revenue recognized	<u>(330,497)</u>
Unearned revenue (Grants receivable) December 31, 2020	<u>\$(55,730)</u>

NOTE D - TOWER LEASES

KWSO leases excess capacity on its radio tower. Revenue from leases was \$27,600 in 2020 and \$27,600 in 2019.

NOTE E - EMPLOYEE PENSION PLAN

Eligible employees participate in a defined contribution retirement plan maintained by the Tribe. All employees age 18 and over are eligible to participate in the plan after completing one year of service. The authority to establish or amend the Employees Pension Plan rests solely with the Tribal Council. The plan administrator is the Pension Committee, appointed by Tribal Council. Employees may defer up to 100% of compensation during the plan year as limited by IRS regulation. The employer matches 100% of employee contributions, up to 5% of each eligible participant's compensation. Vesting of employer matching contributions occurs immediately; vesting of nonelective discretionary contributions occurs fully after the participant completes three years of service. No pension contributions were made by KWSO for 2020 and 2019.

NOTE F - RISK MANAGEMENT

KWSO is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and injuries to employees. Settlement amounts have not exceeded coverage for the current year or the three prior years.

KWSO participates in the Tribe's limited risk management programs for workers' compensation, group benefits, state unemployment and employment practices. Premiums are assessed based on KWSO's payroll costs. The Tribe retains all risk.
