

COCC ADULT BASIC SKILLS

Winter 2022 Health Careers Bridge Course

For those who are starting their journey in a health care career, this class will provide students with the opportunity to develop the academic skills necessary to succeed in COCC's Health Careers programs:

Certified Nursing Assistant, Nursing, Phlebotomy, Emergency Medical Services, Community Health Worker, Medical or Dental Assisting, Pharmacy Technician, Massage Therapy, Veterinary Technician, and Health Information Management.

Students will learn:

- College-level reading, writing & presenting skills
- Basic math & computation skills
- Basic medical terminology
- Test taking and study strategies
- Computer technology skills
- GED preparation (as needed)

Get a head start and prepare for college!
