

## **COVID-19 Protocols for All - Effective July 7, 2022**

The COVID-19 Team recommendations (data regarding COVID-19 to be reviewed regularly).

- Wearing masks will be mandatory in all Tribal buildings if you are unable to socially distance. Proper wearing of masks is also required. This means your nose and mouth is completely covered.
- Up to date vaccination for all tribal employees is required and is being monitored by Human Resources.
- If you use a home kit and it shows positive, you need to notify Community Health Program at 541-553-5512. You need to isolate for a minimum of 5 days. Admin leave may be used for isolation days following PER 950 D. A note from a medical provider is required to utilize this leave.
- Close contacts of a positive case need to test if symptoms develop or 5 days after exposure.
- High contact areas and workstations are recommended to be sanitized on a regular basis and at least once per day.
- Events will need to follow protocols: wearing masks and maintaining a 6 feet distance from others. No need for COVID Team approval at this time but can change in the near future if numbers continue to raise.
