

# Wildfire Home Protection Strategies

**FREE half-day workshop**

**Lunch included**

**May 13, 2023 @ 9:00 AM-2:00 PM**

**Warm Springs Fire Management - Training Room**

**4226 Holliday St. Warm Springs, OR 97761**

There are simple and often inexpensive ways to make homes safer from wildfire. The Wildfire Home Protection Strategies class is based on fire behavior, structure exposure, and the concepts of defensible space. Join us to learn how to assess wildfire risks to structures and how to take action around your home and in your community.

Topics covered:

- Wildfire history & ecology
- Current research on why homes burn
- Assessing homes and communities
- Home materials & landscaping recommendations
- Evacuation considerations
- *Please plan for a field exercise, weather permitting*

*County Line 2 Fire*

**Who Should Attend?** Community members, home & landowners, fire service professionals, planners, and landscapers who would benefit from understanding how to reduce losses from wildfire.

**To Register, use QR code or go to:**
