Asparagus Basics

Shop and Save

Look for stalks that are firm with tightly closed tips. Color can be bright green, creamy white or even purple.

Stalks with the same thickness will cook in the same amount of time.

Fresh asparagus may be best quality and lowest price when harvested locally, usually April and May.

Asparagus is also available canned and frozen.

Asparagus Math:
One pound = 12 to 15 spears, 9 to 10 inches long and 1/2 to 3/4 inches thick
= 3 cups trimmed
= 2 1/2 cups cooked

Store Well Waste Less

Refrigerate fresh asparagus for up to 5 days.

• Stand stalks in 1 inch of water like a flower bouquet and cover with a plastic bag.
• Wrap cut ends in a damp paper towel and cover the towel with plastic.

Wash under cool running water just before using. Remove tough ends:

• Hold an end of the stalk in each hand and gently bend.
• Less waste: cut off and discard the bottom inch of the stalks, then peel tougher base ends.

Asparagus is an excellent source of Vitamin K, which helps build strong bones.

Types of Asparagus

Generally, thinner spears are more delicate and tender; thicker spears have stronger flavor and hearty texture. Thicker spears can be sliced on the diagonal into smaller pieces to cook more quickly.

• Green – the most common type.

• White – covered with soil as it grows to keep green pigments from developing. Considered a delicacy and may cost more than green.

• Purple – has more sugar and less fiber than green. The skin is burgundy or purple but the flesh is pale green to creamy white. Cooking may cause more green to show. Less commonly available and may cost more than green.

Cooking with Asparagus

Fix Asparagus Many Ways
Asparagus cooks quickly. Cook it until just barely tender. Thicker stalks take longer to cook. Overcooked or reheated cooked asparagus may become bitter and stringy or mushy.
- **Boil** or blanch in enough water to cover the stalks.
- **Steam** over boiling water.
- **Sauté** or stir-fry in a small amount of oil or fat.
- **Roast** or grill until lightly browned.

Roasted Asparagus
**Ingredients:**
1 pound asparagus, trimmed
1 teaspoon oil
Dash of salt and pepper

**Directions:**
1. Preheat oven to 400 degrees.
2. Leave stalks whole or cut into shorter lengths.
3. Toss asparagus with oil, salt and pepper. Place in a single layer on large baking sheet.
4. Roast for 12 to 15 minutes or until the pieces are lightly browned.
5. Refrigerate leftovers within 2 hours.

Makes 2½ cups
Prep time: 10 minutes
Cook time: 15 minutes

Asparagus Mushroom Melt
**Ingredients:**
4 English muffins
¼ cup onion, finely minced
1 cup mushrooms, chopped
1½ teaspoons oil
½ pound asparagus, trimmed and sliced crosswise into ½ inch rounds
¾ teaspoon ground thyme or oregano or basil
1½ teaspoons vinegar
Dash of salt and pepper
3 ounces (¾ cup) mozzarella cheese, shredded

**Directions:**
1. Toast muffin halves and place on a baking sheet in a single layer.
2. In a large skillet over medium-high heat, sauté onions and mushrooms in oil, stirring often, until just beginning to brown.
3. Add asparagus, seasoning and vinegar. Sauté, stirring often, until asparagus is barely tender. Season lightly with salt and pepper.
4. Divide the vegetable mixture equally onto the muffin halves. Top each muffin with shredded cheese.
5. Broil muffins until the cheese melts. Watch carefully to avoid burning.
6. Refrigerate leftovers within 2 hours.

Makes 8 muffin halves
Prep time: 15 minutes
Cook time: about 15 minutes

When kids help make healthy food, they are more likely to try it. Show kids how to:
- snap off the woody end of stalks.
- wash vegetables under cool running water.
- toast English muffins.
