

Hello, my fellow tribal members, My name is Brigitte McConville. I am running for Tribal Council in the Seekseequa District. My parents are atwai Gordon and Brenda (Kalama) Scott. My Paternal grandparents are Elmer Scott, Sr. and Lela (Puyette) Scott and my Maternal grandparents are Nick and Viola (Wallulatum) Kalama. I am born and raised on the reservation, growing up in Seekseequa.

I served two consecutive terms prior to the current leadership, the first term as a member and the second as vice-chair.

My issues of concern are 1) the water on the reservation, the need for clean water is crucial to our tribal members, 2) the continuation of education and culture for our tribal members, we need to get our tribal member youth educated in the needs of the tribe: accounting, human resources, purchasing, natural resource fields, social service fields, electricians, plumbers, general contractors among other needs, as well as the continuation of learning our traditional practices 3) promoting and support of our economic development, what is important and what is working, accountability and economic progress for the tribe.

I am honest, transparent and open to discussion of tribal issues, policies and procedures. We are all family. I would like your support and vote for Tribal Council.

Thank you,

Brigitte McConville, CTWSRO Tribal Council Candidate #2084
Seekseequa District
