

## Wilson Wewa ~ Seekseequa District

I am a candidate for the Seekseequa District; I have served on Tribal Council for three 3 years terms. Today, with the new federal administration we need strong well informed leaders to continue to make the federal and state governments accountable to the Treaty of 1855. Our land, water and resources are continually under attack for development without consideration to the tribes interests in protecting these resources for the future. Not only that, but, many of the services that we provide our membership come from grants and we have to be vigilant that the grants that we rely on continue

to be funded; it takes a strong voice, as well as, a good network of people within the federal and state governments. I have worked for the WSCT for over 40 years and have built a solid network. I have spoken out to protect the interests of those tribal members who live here at WS as well as for those who live off the res-

ervation. There are a few projects that will bring much needed revenue to the tribes and it may not be enough; but, I will continue to speak up for revenue generating venues that will support our services to the people. I will not make any promises because the political climate is always changing and sometimes hard decisions are based on majority votes, I am only one vote and I am always hoping that it is in the best interests for the people of Confederated Tribes of Warm Springs. I hope to continue to provide good consistent leadership for our people, with your vote. Wilson Wewa.
